I do **not** require hotel accommodation.

Please note that hotel accommodation in Crete in the summer is in very high demand. For this reason, the hotels being used for the conference may be unable to guarantee room availability after March 15. Requests for extra nights of hotel accommodation should be made at the time of registration, and will be satisfied as far as possible. Note that rates at some hotels will increase by 10-20% *after* the night of July 1, due to the shift to hotel peak season. Note also that participants who request a single room, but are ultimately booked into a double room (because of the limited number of single rooms available), may have to pay an additional amount per night. Payment can be refunded in full (except for bank costs) if hotel reservation is cancelled before April 1. Any cancellations or changes in hotel reservations should be sent by e-mail to [creta-connection@ret.forthnet.gr](mailto:creta-connection@ret.forthnet.gr) or fax +30 831 25663.

### 3. OPTIONAL EXCURSIONS

In addition to the Social Programme which is included in the registration fee, optional excursions are available for accompanying persons on the first day of the conference (Friday) and for all participants, immediately following the conference (Sunday afternoon, Monday). These excursions will take place if they are requested by a minimum of 35 persons. Please see the "Detailed Information on Optional Excursions" sheet for details.
